Project reference number: 2015-3-FR02-KA105-010739

Erasmus+

This project is funded by the European Union.

IF YOU PARTICIPATE
IN THIS PROJECT,
PLEASE FILL THIS FORM

<http://www.ofci.fr/eoste-form/>

About the Project

The international training course “Enter Our Ship : The Entrepreneurship !” is seeking to train and equip youth workers and leaders who work directly with young, unemployed people (especially in deprived, rural and urban areas) with essential business and entrepreneurial knowledge and skills, in order to make them able to contribute to the limitation of unemployability among youth, mainly through promoting self-employment and entrepreneurial culture.

Entrepreneurial experiences – such as making mistakes, trying a concept, developing ideas, actually building, managing, and growing organizations, raising real funds, failing, trying again, building intellectual capital and managing it, and translating intellectual value into economic and social value – should be the acid test in being able to develop an educated opinion about entrepreneurship. Therefore, by converting all these real examples into practical activities, the trainers and the experts on entrepreneurial fields will be able to attract the attention and the imagination of young people and provide them with all the essential tools for taking conscious decisions based on realistic economic and social conditions.

Young leaders from our organizations recognized the need of practical education on entrepreneurship and prepared project called “Enter Our Ship : The Entrepreneurship !” that will be hosted in Roubaix by Organisation Française de la Coopération Internationale from 7/08/2016 until 13/08/2016 in cooperation with partner organizations from Spain, Poland, Italy, Romania, Turkey, Slovakia, Cyprus, Bulgaria, Lithuania, Greece, Portugal that will be represented by 2 participants each.

The paramount aim of this projects is to apply entrepreneurship activities by using non-formal methods to practice entrepreneurship in such a way that youth workers could provide young people with a range of potentials on entrepreneurship!

The Objectives

- To promote practical methods in approaching entrepreneurship education.
- Practice to practice entrepreneurship through workshops and practical exercises
- To understand changing and dynamic nature of entrepreneurship.
- To empower job seekers to become self-employed.
- To develop creative and entrepreneurial spirit of young people.
- To acquire skills and specific knowledge using non-formal education by developing of human personality and developing set of skills necessary for entrepreneurs.
- To develop new contacts with organizations from EU to create stronger partnerships for future projects in the European context.
- To promote and develop innovative ideas and share good practices.

ROUBAIX

Roubaix is a 94'000 inhabitants city situated 230 km in the north of Paris and 100 km in the west of Brussels. Roubaix used to be the world capital of textile before China took the leadership, it was especially famous for wool crafting. Since then, unemployment is raging and factories have

been turned into giant cloth shopping centers, museums, accommodations and offices.

SOME FACTS

- **Auchan** (supermarket) is born in Roubaix in 1961.
- **Louis Vuitton** is owned by Bernard Arnault who is born in Roubaix.
- "**Dofus**" which is the second most played online video game has been developed in Roubaix.
- "**OVH**", which is famous to be amongst the biggest web site hosting service companies in the world and for having hosted Wikileaks website, has its headquarters in Roubaix.

FOOD&LODGING

You will stay in the city center in a Ibis Hotel.

Accommodations will be in twin bedrooms, so participants will share rooms. Every room has its own bathroom. There will be towels, some hygiene products.

Breakfasts, Lunches and Dinners will take place at the hotel and the activities will be in a Youth Center or in OFCI headquarters nearby

WEATHER

Usually, the temperature can go from 18 to 32 degrees celcius during Summer in Roubaix.

During the night it can be quite cold and windy, during the day it might be sunny and sometimes rainy. Obviously the weather is very random and we would advise you to summer cloth and also sweaters just in case the weather turns wrong.

Check out AccuWeather when the project dates are getting close : <http://www.accuweather.com/en/fr/roubaix/135632/august-weather/135632?monyr=8/1/2016>

PRACTICAL DETAILS FOR TRANSPORT

TRANSPORT: Please, inform us as soon as possible when and how you will come. Book tickets after confirming with us, as soon as possible and send us your reservations please.

There are quite a lot of airports nearby. **We advise you to come through the Bruxelles Charleroi Airport or Paris Charles de Gaulle (Roissy Airport).**

There are two airports in Belgium which are close to the project location and which propose cheap flights :

-**Bruxelles Charleroi** served with almost all low cost airlines (RyanAir, WizzAir, Jetairfly, Easy Jet, Pegasus Airlines, etc...), There are shuttles every hour under the FLIBCO company which goes to Lille Center (duration : 1 hour and 30 minutes) where we will pick you up to the project location which is situated 20 minutes by metro from it.

-**Bruxelles Zaventem** with International normal cost flights coming from almost everywhere in the world. A train station is situated inside the airport with trains to Lille Center (duration : 1 hour and 30 minutes) where we will pick you up to the project location which is situated 20 minutes by metro from it.

There is one airport in **Lille-Lesquin**, but only a few flight lines go through it, there are shuttles going from it to Lille Center where we will pick you up to the project location which is situated 20 minutes by metro from it.

There are three airports in Paris which are close to the project location and which propose flights from Europe and the rest of the World but we don't really recommend them because the flights are expensive or it's complicated to go from there to Lille :

-**Charles de Gaulle (Roissy)** it has a train station with a train going directly to Lille (50 minutes but a bit expensive)

-**Orly**

-**Beauvais (RyanAir/WizzAir Airport)**

It is very important that you keep all the bills, tickets and boarding passes from your travel, so that we will be able to reimburse you the costs of your transport.

Original tickets and the boarding passes from the whole group must be collected at your return home, and send back to local partner. If you forget, we will be not able to reimburse you!

SHUTTLE FROM BRUSSELS CHARLEROI AIRPORT TO LILLE

<http://flibco.com/>

TRAIN FROM PARIS & BRUSSELS ZAVENTHEM AIRPORTS TO LILLE

<http://www.sncf.com/>

BUS FROM BRUSSELS/PARIS TO LILLE

<http://booking.idbus.com>

Please send us the travel documents you already have before the project so we can save time and enjoy more !

You cannot come or leave more than two days before or after the project's dates !!!

PRACTICAL DETAILS FOR REIMBURSEMENT

Transport reimbursement is calculated through the distance calculator provided by the European Commission under the Erasmus+ Program :

http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm

All reimbursement will be made by transfer after the implementation of the project, after all countries have operated the dissemination and after the french national agency has checked the final report of the project.

You can find your reimbursements details in this excel sheet below.

Name of the Organization	Country	Distance Band	Reimbursement limit in €
OFCI	France	100 – 499 km	180
Zavod za Idei	Bulgaria	500 – 1999 km	275
Identities	Italy	500 – 1999 km	275

PARTICIPATION FEES

Each participant will have to pay 30 € in order to take part in this training course, it can be paid in cash at the beginning of the project, you will receive a receipt after paying the fees.

INSURANCE

We advice you to travel with your European Health Insurance Card (EHIC) if you come from a European Union country. This is a free card that gives you access to medically necessary, state-provided healthcare during a temporary stay in any of the 28 EU countries, Iceland, Lichtenstein, Norway and Switzerland, under the same conditions and at the same cost (free in some countries) as people insured in that country. Cards are issued by your national health insurance provider. About travel insurance, you will have to arrange it for yourself.
