They are invited to realize short films from the script part to the edit part, mixing their all different culture.

The creations of these video artists will be screen at "Les cineastes", art-house cinema, on the Saturday 27<sup>th</sup> of August.

During this stay, every youth will be hosted in the same accommodation: le gué Bernisson.

### Activities and programme:

During those 10 days, activities will be proposed to each youth after official hours on video. They will have choice between several activities such as Mash-up workshop, canoe, laser-game, swimming-pool, sports...and during the full day off, the entire group will have the opportunity to visit the museum of 24 hours of Le Mans and its circuit and to visit castles of the Loire.

Evening will be prepared too:

An open-air evening with short films projections of the countries represented.

An exchange evening around the European Union and a presentation of Erasmus+.

An evening at the "Cinéastes", art-house cinema, where short-films will be projected to the public and will be preceded by a concert of local artists.

The other evenings will be free to ensure relaxation and exchange between youth.

There will be no curfew as long as the other's sleep will be respected.

Activities will begin from 9 on the morning and will end at 7.p.m with a midday break.

### Video workshop:

During the exchange, 20 hours will be consecrated to the video.

The professionals from the association "Au film des mots", with who we are in a partnership, will follow youth during the realization of their short-films.

At the end of this 20 hours of video workshop (may be more for the most involved), each short-films, which will last between 5 and 10 minutes, will be screen on the Saturday 27<sup>th</sup> of August in a real cinema.

For the realization of those short-films, equipment will be provided and every group will be free to move in the city in order to find the suitable surroundings for the desired atmosphere. The group constitution will be made in advance and randomly to optimize hours during video workshop. We will disclose the groups on facebook before the meeting so that youth can discuss among them.

From a common scene, each group will have to, together, imagine a scenario (without exaggerate on talking to facilitate understanding of everyone), write a script, perform, shoot and edit.

Youth will be spread in 4 groups whose every group will have constraints to respect (static shot, each scene turns in single sequence-shot, black and white film, hand-held shooting) as well as common constraints to respect (from a scene shot in Le Mans, make a film in which

this scene will be the beginning, the end or a scene from the film, placing the European flag, place a sound effect, use the jacket of the scene).

Scenarios have to be kept secret to ensure the surprise during the evening broadcast.

It is advised youth to bring their own sounds as music commercially known can not be used by copyright worries.

A DVD will be given to every youth at the end of the exchange.

We hope to have a volunteer team to make a making-off!

#### Accommodation:

Every youth will be housed and fed in the same structure, called "Le centre Gué Bernisson". Sheets and blankets will be provided but not the towels.

There will be opportunities to wash clothes.

A fridge will also be made available.

Remember to bring an electric adapter.

Every youth will have in his possession a transport card, available on all the traffic in the city for all the exchange.
