Infopack

ABOUT THE PROJECT

Due to the potential that many countries are identifying in the past few years in rural areas even in some ways as a response to some socio-economic issues originated by the urban centric growth, we believe that this is the greatest moment to empower the younger generations. Giving them the knowledge, the inspiration, the insight and the experiences needed to identify their own motivations, to connect with their entrepreneur spirit and their need to start a meaningful project to make the most of their rural regions.

This is a project with a social, environmental, personal development and economical backgrounds. The main focus of this youth exchange is to work on the collective and personal skills of the participants, motivate them by making them witnesses of the potential and progressive regeneration of the ecosystems.

Nowadays, it is essential to be aware about its capability for solving social and environmental problems, such as unemployment, offer solutions to the fast rise of urban rents and enhance the care of the environment, by getting a closer approach to nature. In short, use this priceless resource to provide a solution for many of the problems that affects many of us and many citizens around the globe today. Ultimately, we pursue to get our minds together and find out how can we plan to ruralize the urban structures that guarantees a more egalitarian and inclusive development for everyone.

ABOUT THE TIMETABLE

The official timetable will be revised with team leader and will be presented to all the participants at the beginning of the youth exchange.

THE VENUE

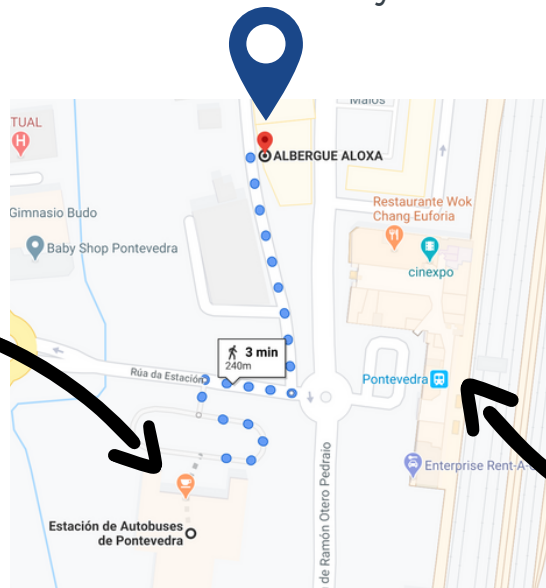

Seeds for Future will be implemented in Pontevedra, one of the four provinces of the Autonomous Region of Galicia, in northwestern Spain. Galicia's landscape is mostly dominated by forest and mountains and it is well-known among national and international visitors by its seafood, nature and coastline sites.

The Aloxa hostel is a cozy accommodation, a few minutes walk from the train and bus stations. It is a hostel designed for people who are doing the Camino de Santiago, so the beds are in a common space, divided by wooden panels.

Whether you come from Madrid or Porto, it is possible that you will have to travel through VIGO (the largest city in Galicia), 30 km away from Pontevedra. If that is the case, you can catch any regional train or bus. Arriving to Pontevedra's train/bus stations (in the map) will take you around 30 minutes, and once you are there ALOXA hostel will be less than 200 meters away!!

Train station

HOW TO GET HERE

The cheapest and more convenient way of travelling to **Pontevedra** is by plane. However, Peinador airport (Vigo) or Lavacolla airport (Santiago de Compostela) are not very big, so you might struggle to find good deals for direct international flights.

The best thing will be to travel from your country to Madrid or Barcelona, and then catch a national flight to Santiago. Flights between Vigo/Santiago and Madrid/Barcelona are operated mostly by Ryanair, Vueling and Iberia and the price for a return tickets goes usually from 30 to 80 euros. Once you arrive to Vigo or Santiago, you can easily get to Pontevedra by bus.

PARTICIPANT SHOULD BE IN THE VENUE

Arrival: Participants are expected to arrive no later than 18:00h on 15th of May and depart no earlier than 00.00 on 23th of May.

ANOTHER CONVINIENT OPTIONS

Another good option is arriving to Porto being only 170 km away. Porto airport (Francisco Sá Carneiro) will probably be the best option regarding duration of the trip and price. From this airport you can get to Pontevedra with three bus companies:

- FLIXBUS connects as well Porto with Pontevedra.
- AUTNA covers the route Porto Airport - Vigo several times a day and from Vigo and from there MONBUS runs to Pontevedra every 30 minutes.
- ALSA connects as well Porto with Santiago de Compostela and this route has a stop in Pontevedra.
